

School group program (Almuñécar, Granada and Barcelona)

Language4you- Education Abroad S.L. has had extensive and successful experience with school group programs with Italian, German, Austrian and British Institutions.

We offer group program with special price in Almuñécar, Granada and Barcelona.

Almuñécar – Colegio Hispánico

A little of its history: The town of Almuñécar was founded by the Phoenicians two thousand years ago, 76 km from Granada and 85 km from Malaga. **It is situated in a tropical valley** on the so called "Costa Tropical" where the average temperature is 18°C during the winter and 26°C during the summer. Even bananas and papayas grow here.

Almuñécar has a picturesque old town centre with white houses and small winding lanes of the "Barrio de San Miguel". The modern part of the small town has been built around this quarter and above all along the kilometer-long beach.

Our school: is situated in the town centre near to the beach. Lessons and leisure time become almost one event. The team of involved teachers continue long after the lessons are over. All tutors specialise in teaching Spanish as a foreign language.

DESCRIPTION OF THE PROGRAM IN ALMUÑÉCAR

PROGRAM

The program consists of one week of Spanish classes combined with different cultural activities that requires the use of the target language. In addition, it includes the organization of the lodging with Spanish families in double rooms with half-board (breakfast and dinner). On the day of arrival, the bus will bring students directly to bus station of Almuñécar, where they will have a short orientation. Afterwards, they will be picked up by their host families who will bring them to their respective homes.

LANGUAGE COURSE

The language course will take place from Monday to Friday, from 09:30 to 13:30 (break from 11:00 to 11:30).

During the two morning blocks, the group will have two different teachers, both of whom work with the communicative methodology, and will have intensive practice focusing on oral and listening skills.

If the schools wish, the classes can be designed towards the resolution of particular tasks or tailored to cover important themes for their learning: the media, the environment, the youth in Spain, etc.

ACCOMMODATION:

The school groups that study in our school are placed in one of our host families. These families have years of experience that know exactly how to communicate to foreign students and above all, know that during the time spent by the student in their house, the attention must be familiar and friendly, that they must make the student feel as one of the family. The student in turn feels fully participant and integrated and can see that the family makes an enormous effort to make them feel part of the family.

All our accommodation is situated in the same areas, near the school and a maximum of 20 minutes walking distance from the school, this is a basic and fundamental rule. It is very important for us that the accommodation is near, not only for the fact that all our students can go home walking and don't have to use the public transport, but they can reach each others houses easily and without any orientation problem, basically , they don't get lost.

Our host families are in constant contact with us; having meetings before the arrival of groups or individual students, and once the student is here the families are in constant contact by phone with the school to solve any problems.

As for the meals, we pay special attention to the needs of all students whether they be vegetarians or have some type of allergies to certain products,

information which has been previously give to us by the teacher, group leader or the parents.

ACTIVITIES

The activity programme varies in function of the budget of the group and the number of weeks, the offer is ample and varied depending on the time of the year. The students, on the day they arrive, receive a folder with all the information about the activities that we are going to do; a brief text accompanied by illustrations (this is included in all courses, for groups or individual). This way, when we do the famous tour of the historical centre of Almuñécar the first day, the students have had the possibility to read a little about the extensive history of our city, this makes the explanation of the city given by the guide more enjoyably and interesting. We achieve that the students enjoy all the activities more by letting them know the importance of each place they visit.

¡BIENVENIDOS!
